

Voices Programs & Services

Education & Employment

VOICES supports youth to develop a personal plan for success in education, employment and career development. Youth have access to 1:1 coaching, pre-employment skill building, and assistance with jobs and internships.

Health & Wellness

VOICES promotes the overall wellness of youth by increasing their access to health-related resources. Wellness services include 1:1 counseling and support, food and nutrition classes, and assistance with applications for all health-related services.

Independent Living Program (ILP)

The Independent Living Program provides training to help youth develop the skills needed for becoming independent adults. ILP includes individualized coaching, life conferences, life-skills workshops, leadership opportunities, social gatherings and outings.

Housing

VOICES provides referrals and application assistance to youth who need emergency, transitional, and long-term housing.

 A program of On The Move

www.voicesyouthcenter.org

In the United States there are 424,000 children and youth in the foster care system.

Every year, approximately 30,000 young people must leave foster care once they turn 18 years old.* These youth are sent out into the world without a home to return to and without sufficient support to make it on their own.

Without VOICES, many of these youth will face...

- Homelessness
- Poverty
- Chronic Health & Substance Issues
- Incarceration

* MAY 2011, CHILD WELFARE INFORMATION GATEWAY

VOICES was created by youth who experienced first-hand the challenges of life after foster care. In order to provide support and resources to other transitioning foster youth, VOICES founding members established the first Center of its kind in the nation.

MISSION:

VOICES exists to empower underserved youth, 16-24, by utilizing holistic services and offering opportunity for leadership throughout their transition from systems of care. VOICES works to build a loving community to call home and establish a solid foundation for a healthy life.

Get involved with VOICES

With your support, we can help more emancipated foster youth access the resources they need to become healthy, successful, contributing adults. There are many ways to get involved in the VOICES community...

COLLABORATE:

Work with VOICES to provide services and opportunities for foster youth.

• Looking for youth to hire for your business or organization?

VOICES works with local businesses to provide internships and job placement opportunities for youth.

• Interested in providing services for youth at our facility?

VOICES partners with businesses and agencies to provide workshops, support groups and ongoing drop-in services.

• Want to bring the VOICES model back to your community?

VOICES provides technical assistance to help other communities learn how they can provide valuable resources for their foster youth.

GIVE:

A contribution of time or money helps make it possible for VOICES to provide support and services to young people in need.

• Want to make a financial contribution?

Making a donation to VOICES is an investment in what has become a national model for preventing issues that face many foster youth upon emancipation. All gifts are tax deductible.

• Have a talent for fundraising?

Become an ambassador and help spread the word and raise money for VOICES.

• Seeking volunteer or community service opportunities?

VOICES is always looking for help onsite and at events.
